

Japanese Language Classes

英語

In Ueda City there are seven Japanese language classes for non-Japanese residents, administered by volunteers. (Please, look at below Japanese classes list to know more details.) Non-Japanese people living in this area are studying in these classes.

It's very important to learn the Japanese language if you plan to live in Japan. If you want to improve your Japanese, please contact one of the classes in the list and visit it. We are looking forward to your participation!

For more information, please contact the Ueda City Hall (Citizens' Affairs Division) Tel: 75-2245 or the Association of Ueda City for Promoting a Multicultural Society (Tel: 25-2631)
