

Japanese Language Classes

英語

In Ueda City, there are five Japanese language classes for non-Japanese residents, administered by volunteers. (Look at below Japanese classes list to know more details.) Non-Japanese people living in this area are studying in these classes.

It's very important to learn the Japanese language if you plan to live in Japan. As you want to improve your Japanese, please contact one of the classes. Come and see one of our classes. We are looking forward to your participation!

For more information, please contact the Ueda City Hall (Human Rights, Gender Equality and Multicultural Division) Tel: 75-2245 or the Association of Ueda City for Promoting a Multicultural Society (Tel: 25-2631)
